ABC news today confirmed reports that First Lady Hillary Rodham Clinton has had an affair with Benedict Arnold and convinced him to betray our country to the British Socialists Element of the KGB (King George's Baddies).

The President meanwhile reportedly ratted out Nathan Hale after a homosexual relationship but Clinton said, "...no secrets were revealed because of the original 'Don't ask, Don't tell policy', 'a policy initiated by the Clinton White house", he bragged, taking credit for thwarting his own security breach.

I tried him but I didn't,...in Hale.", the evil sodomite president said as he defended his continuing unspeakable sodomies. Polls show his popularity immediately soared to an all time high of 83 percent overall and 91 percent with women when people were asked, "How do you rate the President's 'performance' in the White House.

The confirmation that unleashed the dogs of scandal again came from a Mister E. Gil Kroughbait a great, great, great, great second cousin twice removed of Mr. Hale's who said, "I think I heard something about that once but it's been so long".

These poignant words swirled through the capitol like a mausoleum cold January wind...portending DOOM.... And perhaps....signaling the bitter end of Slick Wi...uh...uh...this beleaguered presidency.

<EFFECTS>(near subliminal sound of cold wind and rats feet over broken glass
<background> rising then ending as....)

.....Also today CBN exposed the fact that Tokyo Rose was really Hillary with a bad Japanese accent and it was the Clinton who jammed the communications to make sure the attack on Pearl Harbor was successful so he could have some real Japanese American Sex Slaves in the poshly appointed luxury of the Japanese American concentration camps.
